

The background of the image is a collage of various wood veneer samples and paint jars. In the top left, there are two small jars of paint, one yellow and one dark red. Below them are several horizontal brush strokes in yellow, red, and green. The main background is a light-colored surface with various wood veneer samples, including a light yellow one on the left, a light pink one in the center, and a dark red one on the right. The Schotten & Hansen logo is in the top right corner.

Naturally Coloured Veneer Collection

For walls, ceilings & furniture fronts

NATURALLY COLOURED VENEER COLLECTION

Schotten & Hansen, the Bavarian-based manufacturer renowned for its high-quality, sustainable wooden flooring and surfaces, is thrilled to present its naturally coloured oak veneer collection.

Available in 150 core colours and created with natural pigments extracted from plants and minerals, the veneers can be integrated into multiple interiors surfaces, including walls, ceilings, and furniture.

To enable designers to choose any tint, shade or variation, a Natural Colour System® pin can be used to determine the perfect match that will work with entire interior concepts as well as bespoke colour solutions.

SCHOTTEN & HANSEN

Schotten & Hansen, founded in 1984 by Torben Hansen, is dedicated to producing healthy and renewable wood surfaces for interiors, including floorboards, parquet, stairs, doors and veneers, using traditional craftsmanship in combination with modern engineering technology and natural ingredients. The company has been operating in the UK for over 25 years and the UK business is now managed by founder Torben Hansen's son, Ulrich Hansen.

Based at their new showrooms near Wimbledon, London, the UK team works with leading interior designers and architects on international projects to elevate private homes as well as hotels, public buildings and yachts.

The Firmdale Hotel Group is one proof of the resilience and durability of the specially treated wooden surfaces in high-traffic areas. They have installed wood flooring from Schotten & Hansen in their hotels around the world for over 15 years.
