7. BEST KITCHEN COLLABORATION Kitchen furniture, Pluck x Schotten & Hansen

This kitchen showcases Schotten & Hansen's naturally coloured Douglas Fir veneers, which are teamed with London Plane wood. 'Collaborating felt like a natural fit,' says Pluck co-founder George Glasier. 'We share a similar ethos.'

8. BEST KITCHEN SURFACE No-Chip collection, Foresso

No-Chip is a minimalist, durable, smooth and sustainable surface developed to find a use for sanding dust as well as wood dust from small local business, which would otherwise go to landfill or be burned. Each sheet uses a 25-litre bucket of dust, which is mixed with non-toxic and formaldehyde free binder glue.

9. BEST LARGE KITCHEN APPLIANCE Fiorentina 180 Dual Fuel cooking range, Officine Gullo

Available in a variety of colours, the Fiorentina collection is inspired by Tuscany and its rich metalworking heritage. As well as 12 professional burners, it boasts two enamelled cast-iron griddles, a soapstone griddle and two multifunction electric ovens.
